

Keep your database up to date with these effective tools...

Save money & take care of one of your library's most important assets, your database.

Union Bundle

The Union Bundle is designed to help you perform routine maintenance on your database. It includes our popular record source and cataloger, as well as tools that help you globally update your records with the latest reading program information and subject headings. You can also easily fix problems with incoming records from vendors or other MARC record sources.

If you are confident in the overall quality of your MARC records, and want to focus on cost effective tools to keep your database in great shape going forward, the Union Bundle is the product for you.
